Inovalon Data Powers New Insights on Diverse Healthcare Populations

March 28, 2019

Data-Driven Research Presented at Academy of Managed Care Pharmacy (AMCP) and ISPOR Annual Meetings Powered by Inovalon’s MORE® Registry® Dataset

BOWIE, Md., March 28, 2019 (GLOBE NEWSWIRE) -- Inovalon (Nasdaq: INOV), a leading technology company providing advanced, cloud-based platforms empowering data-driven healthcare, today announced new research to be presented across all major healthcare coverage populations powered by its large-scale, real-world Medical Outcomes Research for Effectiveness and Economics Registry (MORE® Registry®).

Data from Inovalon’s MORE® Registry®, one of the nation's largest and most comprehensive healthcare datasets, will be featured in research presented at the Academy of Managed Care Pharmacy (AMCP) Managed Care & Specialty Pharmacy Annual Meeting and the upcoming International Society for Pharmacoeconomics and Outcomes Research (ISPOR) Meeting.

“The results being presented highlight the real challenges that health plans and providers have in serving diverse healthcare populations,” said John E. Linnehan, director of the Health Economics & Advanced Analytics practice at Avalere Health, an Inovalon company. “The challenges and opportunities identified in these studies will support targeted initiatives to improve quality outcomes for patients, and the success of our clients working to serve them.”

Inovalon's MORE 2 Registry® dataset is one of the nation’s largest primary source, longitudinally matched datasets containing real-world medical, pharmacy, laboratory, demographic, and clinical data on more than 264 million unique patients and 42 billion medical events across Medicare fee-for-service, Medicare Part D, Medicare Advantage, managed Medicaid, and commercially insured populations. Ongoing analysis of the MORE2 Registry® dataset powers highly valuable insights into important healthcare issues; machine learning, deep learning, and artificial intelligence algorithm development and training for Modules of the Inovalon ONE® Platform; and the real-time decision support, care, quality, outcomes and economic improvements of healthcare empowered through Inovalon’s solutions.

This research, spanning multiple high-impact healthcare industry challenges, was conducted by Avalere Health, an Inovalon company specializing in data-driven healthcare research and strategic advisory services, in partnership with its clients.
